

It's the end of the school year 2023-2024! Before the end of each school year, the school holds a Summer Bible class. Thanks to the school sponsoring group, the Chinese Christian Church, for co-organizing it! This year's theme was "Character Farm Summer Fun". Farmers, like parents and teachers, need to take good care of their crops (children). The design of this school newsletter is from a small seedling to a big tree, which is a metaphor for children growing up in love! Not only will you become a strong and tough tree, moreover, you will also bear a lot of good fruits. You must cultivate good character carefully. Just like "Galatians 5:22-23a" "The fruit of the Spirit is love, joy, peace, longsuffering, kindness, goodness, faithfulness, gentleness, and self-control." Children are about to promote to K2, K3 and Primary school! May the children work hard to grow up and bear the fruits of honesty, confidence, responsibility, patience, and humility.
